Dear Refet,

We found the proposal very interesting and promising with a view to having Bosnia-Herzegovina back in the FCI. As suggested earlier, the project should be accepted by both parties and we do look forward to getting a similar position signed by representatives of the Union and the Association.

May we please ask you what you mean with the following "seven days after the receipt of this document ?

We propose that, seven days after the receipt of this document, a preliminary meeting of representatives of the Association and the Union is scheduled. At that meeting there would be an exchange of views of both organizations and preparation of final draft treaty on the kinology organizations in BiH.

Do you mean 7 days after the FCI has acknowledged receipt and answered ?

Well my dear Jorgen I know that you are in Turkey right now and hope that all goes well !!!

All the best to you

Yves
